Nuclear Committee

PSEG has been a member of EUCG for many years. We have come to depend heavily on the industry data that is compiled and distributed. The semi-annual workshops have been very valuable in providing both a forum to discuss current industry issues and well as developing peer connections that are utilized throughout the year.

—Darrell Negley, Manager of Financial Controls, PSEG

About Us

Nuclear Committee is the leading industry resource for timely, accurate, and complete industry source for busi-ness operations cost data in the world. Data is provided directly by the operating company members and then reviewed and verified by industry peers before final release. In addition to being the best source for data, the committee is where members exchange best practices through presentations, surveys, and discussions at the Spring and Fall Workshops. The information exchanged is to facilitate sustained cost-effectiveness and competitive-ness of nuclear utility operations to benefit consumers of global electricity.

Benefits

Comprehensive Database
Access to our database that has complete, timely, and quality cost and staffing data for the nuclear industry provided by member companies.

Network Opportunities
Regular opportunities to create a strong peer network with other nuclear professionals across North America and internationally in a confidential and safe environment.

Knowledge Base
Access to a vast repository of data, reports, and ad hoc surveys on various topics over many years.

Member Driven
Members decide on the survey topics, reports, and workshop programs to align with member needs and the industry initiatives.

Spring and Fall Workshops
Facilitate learning and exchange ideas with peers at two workshops. Discuss current industry issues, and best practices and lessons learned on topics identified by members.

Data
Benchmarking through cost and performance data collection and dissemination on critical and timely topics identified by members.

2026 Nuclear Membership Fees

Data Member Annual Fee *Those members who provide data*	**$12,500**
Data Member Unit Fee *North American*	**$750** *per unit*
Data Member Unit Fee *Non-North American*	**$750** *per unit*
Forum Member *Owners or co-owners who do not operate commercial plants*	**$3,000** *per owner*
Alliance Member *related industry organizations or businesses*	**$12,500**

EUCG's Nuclear Products and Services

- **Chief Nuclear Officer Report**
- **Data Entry and Retrieval Training Standard Benchmarking Report**
- **Early Data Exchange on Reactor Type, Generation, Capacity Factor, Operating Cost, Fuel Cost, Total**
- **Nuclear Document Library**
- **Nuclear Integrated Information Database**
- **Operating Cost, Capital Cost, and Total Generation Cost**
- **Member Ad-hoc surveys**

The Nuclear Committee is a part of EUCG, Inc., a non-profit trade association that has brought utility companies together to participate in studies, learn from each other, and share best practices since 1973. EUCG's vision is to be the leading association of global energy organizations enabling our members to optimize resources, drive performance excellence and deliver value to customers.

Duke Energy, an active member and participant of EUCG since its inception, has received tremendous benefit by receiving consistent and timely industry data, sharing of operational best practices, and discussing emerging topics in a judicious manner with multiple companies providing input. EUCG provides an effective forum at an economical value for entities to share and network energy industry topics across multiple generation types.

—David Ward, Jr., Lead Business & Technical Consultant, Duke Energy

Current Member Companies

As of August 1, 2026

AEP, Cook Nuclear Plant
Ameren Missouri
Arizona Public Service
Asociacion Nuclear-Asco Vandellos
Bonneville Power Administration
Bruce Power
Centrales Nucleares Almarz Trillo
AIE CNNC Nuclear Power Operations & Management Co.
Daya Baya Nuclear Power Operations and Management Co.
Dominion Energy
DTE Energy
Duke Energy
El Paso Electric
Energy Northwest
Entergy Nuclear
Exelon
Vistra
Nebraska Public Power District
NextEra Energy/FPL
NEIL
Nuclear Energy Institute
Ontario Power Generation
PG&E
PSEG Power
SN Nuclearelectrica SA
Southern Company
STP Nuclear Operating Co.
Talen Energy/PP&L
Tennessee Valley Authority
Wolf Creek
Xcel Energy

EUCG Mission

EUCG's mission is to promote end-to-end energy production and delivery excellence by:

- Providing relevant, accurate and timely benchmarking information on cost and performance
- Promoting outstanding cross functional networking opportunities
- Establishing a forum for direct exchange of best practices and lessons learned

Board Members

Wanda Wilkerson, President, Oncor
Mary Poulter, Vice President, Ontario Power Generation
Tatjana Rmus, Treasurer, Pacific Gas & Electric
Mayur Shah, Secretary, Pacific Gas & Electric
Ives Zaldumbide, Marketing Director, Pacific Gas & Electric
Scott Retter, Innovation & Technology Director, Duke Energy
Andrew Campbell, Ex-Officio, Oak Ridge National Laboratory
Billy Sabin, Solar Committee Chair, Tennessee Valley Authority
Jeannine Beran, T&D Committee Chair, Exelon
Jeff Davis, Nuclear Committee Chair, DTE
Heather McDowell, Hydro Committee Chair, Seattle City Light
Miranda Mendez, BESS Committee Chair, Arizona Public Service
