Nuclear Committee

PSEG has been a member of EUCG for many years. We have come to depend heavily on the industry data that is compiled and distributed. The semi-annual workshops have been very valuable in providing both a forum to discuss current industry issues and well as developing peer connections that are utilized throughout the year.

—Darrell Negley, Manager of Financial Controls, PSEG

About Us

Nuclear Committee is the leading industry resource for timely, accurate, and complete industry source for business operations cost data in the world.

Data is provided directly by the operating company members and then reviewed and verified by industry peers before final release. In addition to being the best source for data, the committee is where members exchange best practices through presentations, surveys, and discussions at the Spring and Fall Workshops. The information exchanged is to facilitate sustained cost-effectiveness and competitiveness of nuclear utility operations to benefit consumers of global electricity.

Benefits

Comprehensive Database

Access to our database that has complete, timely, and quality cost and staffing data for the nuclear industry provided by member companies.

Network Opportunities

Regular opportunities to create a strong peer network with other nuclear professionals across North America and internationally in a confidential and safe environment.

Knowledge Base

Access to a vast repository of data, reports, and ad hoc surveys on various topics over many years.

Member Driven

Members decide on the survey topics, reports, and workshop programs to align with member needs and the industry initiatives.

Spring and Fall Workshops

Facilitate learning and exchange ideas with peers at two workshops. Discuss current industry issues, and best practices and lessons learned on topics identified by members.

Data

Benchmarking through cost and performance data collection and dissemination on critical and timely topics identified by members.

2025 Nuclear Membership Fees

Data Member Annual Fee <i>Those members who provide data</i>	\$12,500
Data Member Unit Fee <i>North American</i>	\$750 per unit
Data Member Unit Fee <i>Non-North American</i>	\$750 per unit
Forum Member <i>Owners or co-owners who do not operate commercial plants</i>	\$3,000 per owner
Alliance Member <i>related industry organizations or businesses</i>	\$12,500

EUCG's Nuclear Products and Services

- Chief Nuclear Officer Report
- Data Entry and Retrieval Training
- Early Data Exchange on Reactor Type, Generation, Capacity Factor, Operating Cost, Fuel Cost, Total
- Nuclear Document Library
- Nuclear Integrated Information Database
- Operating Cost, Capital Cost, and Total Generation Cost
- Member Ad-hoc surveys

The **Nuclear Committee** is a part of EUCG, Inc., a non-profit trade association that has brought utility companies together to participate in studies, learn from each other, and share best practices since 1973. EUCG's vision is to be the leading association of global energy organizations enabling our members to optimize resources, drive performance excellence and deliver value to customers.

Duke Energy, an active member and participant of EUCG since its inception, has received tremendous benefit by receiving consistent and timely industry data, sharing of operational best practices, and discussing emerging topics in a judicious manner with multiple companies providing input. EUCG provides an effective forum at an economical value for entities to share and network energy industry topics across multiple generation types.

—David Ward, Jr., Lead Business & Technical Consultant, Duke Energy

Current Member Companies As of November 1, 2024

AEP, Cook Nuclear Plant	Duke Energy	SN Nuclearelectrica SA
Ameren Missouri	El Paso Electric	Southern Company
Arizona Public Service	Energy Northwest	STP Nuclear Operating Co.
Asociacion Nuclear-Asco Vandellos	Entergy Nuclear	Talen Energy/PP&L
Bonneville Power Administration	Exelon	Tennessee Valley Authority
Bruce Power	Luminant	Wolf Creek
Centrales Nucleares Almarz Trillo	Nebraska Public Power District	Xcel Energy
AIE CNNC Nuclear Power Operations & Management Co.	NextEra Energy/FPL	
Daya Baya Nuclear Power Operations and Management Co.	NEIL	
Dominion Energy	Nuclear Energy Institute	
DTE Energy	Ontario Power Generation	
	PG&E	
	PSEG Power	

EUCG Mission

EUCG's mission is to promote end-to-end energy production and delivery excellence by:

- Providing relevant, accurate and timely benchmarking information on cost and performance
- Promoting outstanding cross functional networking opportunities
- Establishing a forum for direct exchange of best practices and lessons learned

Board Members

- Andrew Campbell**, President, TVA
Wanda Wilkerson, Vice-President, Oncor Electric Delivery
Evelyn Grant, Treasurer, Lower Colorado River Authority
Mary Poulter, Secretary, OPG
Adam Preveau, Innovation and Technology Director, Entergy
Ives Zaldumbide, Marketing Director, PG&E
Miranda Mendez, BESS Committee Chair, APS
Jeff Davis, Nuclear Committee Chair, DTE
Heather McDowell, Hydro Committee Chair, Seattle City Light
Jeannine Beran, T&D Committee Chair, Exelon Utilities
Billy Sabin, Solar Committee Chair, TVA
