

**Spring 2019 WORKSHOP – St. Petersburg, FL
April 7-10, 2019**

Format 1

Nuclear Committee Topics

Each Forum needs at least 12 topics (can be less if some topics cover more than one time slot) to fill 12 time slots over Monday & Tuesday. Note these are tentative and are subject to adjustment as we finalize the Topics and Speakers

Standard format for the provision of the Topics:

	Topic Title	Short (one sentence) Description
1	EUCG Introductions & General Business (including 2019 Strategic Plan Update)	Spring 2019 Nuclear Workshop Nuclear Committee kick-off with the introduction of the workshop attendees, highlighting the workshop agenda, providing members with an update on the Nuclear Committee's business and 2019 Strategic Plan.
2	Presentation of Member Issues	Member issues presented for input and discussion to encourage member interaction with their peers during the workshop and obtain responses to the presented issues.
3	Discussion of Major Nuclear Issues	Discussion of nuclear industry issues to determine major topics for potential workshop breakout sessions. Conduct the Breakout Sessions for the selected major issues.
4	Decommissioned Plant Overview	Presentation by a plant which has recently gone through decommissioning.
5	Labor Budget Breakout Team Presentation	Labor Budget Breakout Team will present results of their discussions, findings and recommendations.
6	NIID Enhancements	Update on Nuclear Integrated Information Database (NIID) enhancements.
7	NIID Data Retrieval	Hands on exercise using NIID to retrieve benchmark data.
8	NAID (Nuclear Aggregated Information Database)	Presentation and discussion of the Nuclear Aggregated Information Database.
9	Innovation Presentation Overview	Overview of the process for Nuclear Innovation identification and information gathering.
10	Innovation Data Collection Breakout	Breakout groups meet to discuss collection of Nuclear Innovation data.
11	Individual company Innovation Ideas	Three to four member companies present Innovations identified in their company.
