Transmission & Distribution Committee

Participating in EUCG’s T&D Committee provides our operating companies with a valuable forum for discussing best practices and provides us with a network of peers that we can leverage to vet and implement some of the practices gleaned from our forum.

— Jeannine Beran, Principal Planning Analyst, Exelon Utilities

About Us

Every aspect of society depends on the efficient generation, transmission, distribution, and delivery of power. EUCG’s Transmission & Distribution Committee’s mission is to collect and exchange standardized electric transmission and distribution data on an annual basis utilizing web-based technology and a Balanced Scorecard approach.

Benefits

Comprehensive Database

Benchmarking is vital to the companies that provide transmission and distribution of energy. EUCG’s Transmission and Distribution (T&D) Committee is the community where benchmarking data and best practices are shared and discussed. The T&D Committee provides benchmarking and best practices in the following categories:

• Safety
• Reliability
• Technology
• Innovation
• Operational Excellence
• Human Performance
• Continuous Improvement
• Cost
• Business and Big Data Analytics

Network Opportunities

Regular opportunities to network with other utility professionals are a valuable benefit of membership. Whether discussing using best practices or lessons learned, this forum provides the ability to develop a peer network in a secure and confidential environment.

Spring and Fall Workshops

Facilitate learning and exchange ideas with peers at two workshops. Discuss current industry issues, best practices, and lessons learned on topics identified by members.

Resource Library

Access to members-only online Resource Library where presentations by members are stored for other members to use for their benefit.
### 2021 Transmission & Distribution Membership Fees

### The Transmission & Distribution Committee

The Transmission & Distribution Committee is a part of EUCG, Inc., a non-profit trade association that has brought utility companies together to participate in studies, learn from each other, and share best practices since 1973. EUCG’s vision is to be the leading association of global energy organizations enabling our members to optimize resources, drive performance excellence and deliver value to customers.

Membership in the EUCG offers unique opportunities for my utility to network and share best practices with our peers outside of consultant-driven, third-party conferences. The presentation of best practices and engagement of the group is second to none. We are proud members and find our membership to pay for itself in value added.

—Adam Preveau, Project Manager-Planning, Performance & Analysis, Entergy

### Current Member Companies  
As of December 31, 2020

| Alabama Power                     | Exelon/Pepco Holdings                  |
| American Transmission Company    | National Grid                           |
| CenterPoint Energy               | Oncor Electric Delivery                 |
| Entergy                          | PSE&G                                  |
| Exelon Utilities                 | Seattle City Light                     |
| Exelon/BGE                       |                                        |
| Exelon/ComEd                     |                                        |
| Exelon/PECO                      |                                        |

### EUCG Mission

EUCG’s mission is to promote end-to-end energy production and delivery excellence by:

- Providing relevant, accurate and timely benchmarking information on cost and performance
- Promoting outstanding cross functional networking opportunities
- Establishing a forum for direct exchange of best practices and lessons learned

### Board Members

- **Stephanie Maggard**, President, PG&E
- **Jesse Medlock**, Vice President, Oncor Electric Delivery
- **Evelyn Grant**, Treasurer, Lower Colorado River Authority
- **Stephen Thornton**, Secretary, Duke Energy
- **Andrew Campbell**, Marketing Director, Tennessee Valley Authority
- **Joseph Martucci**, Innovation & Technology Director, PSEG
- **Jeff Davis**, Nuclear Committee Chair, DTE
- **Steve Royall**, Fossil Committee Chair, PG&E
- **David Sanna**, Hydro Committee Chair, USACE
- **Jeannine Beran**, T&D Committee Chair, Exelon
- **Scott Trombley**, Solar Committee Chair, Duke Energy
